## New World Reds

10.00—three selections: European varietals / new world style

Malbec, **Maip Estate** (Mendoza) 2008

Pinot Noir, **Steele** (Carneros) 2007

Shiraz, **Onyx** (South Africa) 2007

## Pick Your Flight

10.50—choose any three wines from the regular by-the-glass list

## Flights for After Dinner

## Madeira

18.00— from the islands of Madeira, portions of these three selections from the Rare Wine Co. include wine that has been aged for over 60 years. The wines are intensely flavored and exotically delicious.

Madiera Sercial,

**Barbeito Charleston**, Portugal NV

Madiera Bual,

**Barbeito Boston**, Portugal NV

Madiera Malmsey,

**Barbeito New York**, Portugal NV

## Porto (Tawny)

15.00—three selections at different ages. Discover the beauty of well aged tawny port; amber in color, sweet in flavor.

Port Tawny,

**Quinta do Noval**, Portugal NV

Port Tawny 10 Year,

**Croft**, Portugal

Port Tawny 20 Year,

**Taylor-Fladgate**, Portugal

## Porto (Ruby)

14.00—three selections, different styles. Rich and seductive, these wines show the strength and elegance of great Port.

Port Reserve,

**Fonseca Bin 27**, Portugal NV

Port Late Bottled,

**Taylor-Fladgate**, Portugal '03

Port Late Bottled,

**Warres Traditional**, Portugal '99

## ESCA PROUDLY FEATURES

### Eisch Glaskultur - German Crystal Stemware

#### The World's First Ever Breathable Wine Glass!!!

#### New Oxygenizing - Treatment

A wine poured into this glass for just two to four minutes will show signs of aeration equivalent to the same wine that has been decanted and aerated for 1 to 2 hours.

#### Manufacturing Technology

Breathable Glasses are made from a special raw material mixture in lead-free crystal glass quality. After the actual manufacturing process, the glasses undergo an oxygenizing treatment which gives the Breathable Glasses its unique properties.

#### Properties of Breathable Glasses

A wine poured into a Breathable Glass for just 2 to 4 minutes will show signs of aeration equivalent to the same wine that has been decanted and aerated for 1 to 2 hours. This fully natural process takes place within the wine itself, just in minutes. The original character and structure of the wine are preserved, yet the wine's aroma and palate impression become more open and generous, just as they would with an hour or more of aeration. In addition to wine, Breathable Glasses can also lead to improvements with spirits, fruit juices, and mineral water.

#### At ESCA

We have made the commitment to serve our wine selections in Eisch Crystal Glassware. We feel that this is the best way to showcase our wines as well as enhance your enjoyment of them.

We hope you agree.

If you would like to add Eisch Crystal Glassware to your glass collection please let us know, stemware is available for purchase.
